## READ WHAT OUR STUDENTS HAVE TO SAY

*"I'm a retired Speech and Language Therapist and after a long and busy career working for the NHS, I decided to devote my talents to creating beautiful paintings and drawings. I find my lessons here very relaxing and therapeutic. Our tutor, Victoria is an extraordinary woman who inspires the whole class. I can honestly say she is the best tutor I have ever had.*

*Coming here is definitely the highlight of my week."*

Sue

*"After retiring from 40 years of being a draughtsman and business development manager in the construction sector, I decided I wanted a more gentle and relaxing occupation in which I could dedicate my time and skills. I enrolled on this course in order to pick up on a passion I have had for many years but was always too busy to engage with.*

*I love my lessons here at the Greenwich Park Centre. I have been coming here for the past four years and enjoy it as much for the social occasion as I do for the expert tuition I receive from the tutor. There is a wonderful camaradery amongst the whole class and we all support and encourage each other. We go out on field trips and visits to art galleries and share our thoughts and opinions about our hobbies and interests. This course has definitely brought out all of the talents I have had hidden away for many years."*
