## FUNDING

18,000.00 - If your payroll is more than 3 million, you're already invested in the Apprenticeship levy. Non-Apprenticeship levy-paying employers can pay 5% of the apprenticeship course cost, and the government will cover the remaining 95% through the process of 'co-investment'. (So, you release 18,000.00 of Government Funding for a contribution of 900.00.)

### CITB Grant:

Attendance grant is payable up to the apprentice's last date in learning or the typical duration of the standard, whichever is earlier.

- » The attendance grant rate is 2,500 per year for the two year programme.
